The GSI created an environment in which I could feel included (for example, encouraged multiple voices/perspectives, welcomed questions and critiques, responded to student feedback).

Manish was an exceptional GSI, one of the best GSI's that I have ever had in Berkeley. He was extremely accommodating, and was very effective in teaching discussion sections, answering questions during OH, and running the class. He clearly put a lot of time into teaching the class.
Great work as course staff! Felt like a lot of heavy lifting was put in.
thank you for everything, manish! I hope you catch a break b/c ik you were doing far more than this job pays you for. but I hope you know you really made a difference. I enjoyed this class's content and understood it more b/c of you.
Manish demonstrates a keen understanding of the material, and the ability to explain subtle ideas and methods in easily comprehensible ways. He also provided excellent help with many of the logistical concerns in the course, and overall made the course much more manageable and educational through his effort and dedication.
He was very very knowledgeable about the material and the projects and would be a great help in OHs for conceptual questions and debugging!
Super helpful and knowledgeable! Would spend extra time outside of his allotted time to help students—stays extra time during office hours and after discussions to help students out. Super wonderful GSI, really appreciated all his help!
Manish is a really great GSI. He has a great knowledge of the course material, responds to student questions on Ed, and is a really great and clear teacher in discussion. He does a great job of answering my questions, and is also very friendly and has a great attitude. I have enjoyed being Manish's student!
One of the best TAs I've had in my three years at Berkeley. Manish is extremely effective at communicating ideas and keeping the class engaged. Most importantly, he has an innate sense of when the content is confusing the students, and quickly steps in to resolve any uncertainties. Switching to his discussion section was one of the best decisions I made this semester.
Discussion sections were very helpful in understanding the course content and greatly improved my ability solve the types of problems that appear on exams and homework in this class.
I love you but i wish you'd made the specs for the project easier to understand for idiots like me.
I did not interact with Manish aside from on Ed. He was very responsive and open to criticism.
we love manish!!
Amazing GSI, always willing to help and is very effective at helping people and answering questions.
